Sustainability through food literacy in early childhood education and care institutions

HEIDI BJERKAN HOLDS COURSES FOR TA KINDERGARTENS

COURSES IN COOKING WITH TA KINDERGARTENS

>>> READ MORE

In April, all TA kindergartens will have a course at Credo Competence Center. This includes an introduction to how to bake bread with sourdough and yeast, how to make different types of toppings, and several dishes from scratch that can be used in the kindergarten. The recipes will also be made available, and we will run a LCA analysis of them.

The project is underway with data collection through a questionnaire for the staff in the kindergartens. We have recruited 10 external kindergartens in Norway in addition to the ten from TA, which are in Trøndelag and Finnmark, and we will continue with recruitment to also cover southern Norway.

DATA COLLECTION HAS STARTED

EECERA CONFERENCE

➤➤➤ READ MORE

We are going to the EECERA conference in Brighton in September to meet the other partners from abroad and hold two presentations and a poster from the project

INTERVIEWS WITH CHILDREN ABOUT FOOD AND SUSTAINABILITY

➤➤➤ READ MORE

During May, we will start collecting data by means of interviews with children and in-depth interviews of the staff in kindergartens.
